Mammogram (Breast Cancer Screening)

Mammogram (Breast Cancer Screening):

Mammograms are offered at no cost to all female Medicare members between 50 and 74 years old. This screening must be completed between October 1, 2018 and December 31, 2020 in order for you to be eligible to receive a reward card.

Mammograms check for breast cancer even if a woman does not have any signs or symptoms.

During this screening, x-ray images are taken of each breast. The x-ray images look for lumps or tumors that cannot be felt.

Mammograms can also see other problems that may indicate breast problems.

Some imaging centers may require a referral. Be sure to ask when you call to make your appointment. If a referral is needed, your primary care provider will provide one for you.

Talk with your provider if you have any questions.

Mammogram Screening Center: Please fill out this form, then fax to 410-779-3957. Please note, all data fields must be completed in order for your University of Maryland Health Advantage patient to receive their reward card.
