

## Medical Preferred Drug List

### Part B Step Therapy (Applies to the Outpatient setting only.)

The University of Maryland Health Advantage (UMHA) Dual Prime Biosimilars First Medical Preferred Drug List (PDL) encourages utilization of clinically appropriate and lower net cost products within the following drug and therapeutic drug classes available under a the UMHA Dual Prime Part C medical benefit.

The listed preferred products must be used first. An Organization Determination process is in place for specific circumstances that may warrant a need for a non-preferred product. UMHA members who are actively receiving treatment will be allowed to continue with a non-preferred product on the UMHA Dual Prime Biosimilars First Medical PDL as long as their current medical records support its use.
